

**RESOLUTION NO. 2002-68
CONDITIONS OF APPROVAL - FINAL
VILLAGE USE PERMIT 2000-04, AMENDMENT NO. 1
A.P. LENCH II, MICHAEL BRAUCKMANN, AND EILEEN VILLEGAS
ADOPTED MAY 14, 2002**

MISCELLANEOUS

1. Prior to issuance of a building permit, submit for approval by the Community Development Director, a revised Illumination Study modifying the March 26th, 2002 Planning Commission approved Illumination Study by illustrating six poles (but no more than eight) 12 foot high each with twin 100 watt lamps with three inch shields (to shield potential light source illumination to the properties to the north of the parking lot). The six (or eight) poles are to be located in the landscape planters along the center aisle of the parking lot. A field verification shall ensure that the source of the light is not visible from the adjoining residential properties.
