

STRIPING NOTES

- ① Caltrans detail 12 (or 13)
- ② Caltrans detail 27B
- ③ Caltrans detail 88

GENERAL NOTES

1. Highway 111 is a State Highway administered by Caltrans. The information on drawing represents the City of La Quinta understanding of Caltrans.

DETAIL NOTES

- ① The City General Plan calls for a landscape setback area adjacent to the right of way.
- ② Meandering sidewalk shall be constructed in right of way, and in blanket assessment for sidewalk purposes covering landscape setback area.
- ③ Refer to Standard 201 regarding parkway and landscape setback grading design requirements.
- ④ See standard 201 for curb and gutter detail.
- ⑤ The City has constructed a 8.55' AC on 0.80' CL 2 AB structural section for some Highway 111 projects. However, Highway 111 is a State Highway, please check with Caltrans for actual design requirements.
- ⑥ This lane width configuration applies only if traffic study indicates additional left turn or right turn lanes are not needed.
